Here are a few comments. Adjust as you feel appropriate. Thanks

BTW, are you still planning a recon event in two weeks?

Subject: Draft Wilcox Oil Incremental Composite Sampling Work Plan

Hi Katrina,

Attached is a draft of the Incremental Composite Sampling (ICS) for the lead contaminated soils at the Ethyl Blending and Lead Sweetening Area for the Wilcox Oil Superfund site. Please note that Section 3 is being revised. We will add the decision diagrams and QAPP and send you revised document the week of August 29th.

Please let us know if you have any comments or questions by August 26th so that we can incorporate them into the final document.

Thanks,
Matt
